James,
They have no beds; they are strictly out-patient. The branch in Peachtree Industrial is called ambulatory detoxification - this is where they are naturally getting themselves clean with sauna, exercise and vitamins.
Please forward your quote first thing tomorrow.

Thanks.

Sheryl,

Question, it appears last year this one was presented to us as an outpatient facility, this year the apps says 2 locations, one for outpatients, and one is a detox facility. How many beds are in the detox facility listed on the app as it appears this is a change in exposures?

Thanks,

James Morales
